Lenovo

Your smart office just got smarter

Get smarter about collaboration and communication with the Lenovo range of all-in-one conferencing and digital signage solutions, plus expert support to enhance productivity.

Microsoft

Microsoft

Think smarter collaboration. Think smarter communication.

From portable devices for on-the-go professionals, to full AV meeting room solutions for rich video collaboration, Lenovo ThinkSmart has teamed up with Microsoft Teams to deliver a range of robust, powerful solutions for the smart offices of today – whatever your size. Check out our most popular solutions here.

Small and medium spaces

ThinkSmart Hub 500: simplicity and power in an all-in-one solution

- **Easy to Install:** All-in-one device with touch display, audio and compute integrated (stand alone device for huddle rooms). Best compute: Lenovo #1 PC in the world
- **Scalable:** Easily scales across a range of room sizes with a mix of curated accessories, providing a solution for a variety of environments to best fit your needs
- **Secure:** ThinkShield and business class manageability (Intel® vPro® Processor and Win IoT) designed to secure devices, guard against online identity theft and protect sensitive data

Large spaces

ThinkSmart Edition Tiny: the modular solution that grows with you

- **Best Compute:** Lenovo Compute excellency in Modular solution. Use existing Tiny form factor to support modular solutions, increasing portfolio offering for video conference
- **Latest technology:** 9th Generation CPUs with Win 10 IoT
- **3 Years Warranty on site with Premier helpline:** Supporting you globally with a dedicated Premier support line and Professional service offering

Lenovo ThinkSmart Manager

The go-to manageability console, giving IT teams the power to deploy, monitor, and troubleshoot their Lenovo ThinkSmart devices.

Hassle-free process

- Manage right out of the box
- Remotely set up devices from anywhere with cloud access
- Leverage a single console to remotely deploy, manage, configure, update and resolve issues

Real-time access

- Proactively remove blockers
- See real-time status by device
- Fix problems before they are reported using live at-a-glance issues list

Smarter operations

- Streamline actions across multiple devices with “apply all” option
- Generate reports to keep tabs on device issues and trends
- Allow role-based user access

Elevated security

- Protect data with Lenovo Secure Authentication (leveraging hardwarebased TPM 2.0)
- Elevate overall device security with BIOS/SVP change management
- Prevent unwanted USB port use with Enable/Disable USB Boot and USB Port Blocking features

Personal and hot-desking

ThinkSmart View: the personal assistant that understands you

- **Purpose Built for the Modern Workplace:** Compact, all-in one form factor, with one-touch start for Microsoft Teams meetings, means no more dial-in delays and uninterrupted, productive work
- **Multi-task:** Stay in your personal work flow by augmenting your existing devices so you can multi-task and do more
- **Wireless Connectivity:** Pair with your PC via Bluetooth and experience a seamless connection for added security and productivity

Now: Try the ThinkSmart family at no cost or risk with our ‘buy and try’ programme.
