

# WATCHOUT

WATCHOUT license key for WATCHOUT version 6 or later.  
Latest WATCHOUT software [www.dataton.com/downloads/watchout](http://www.dataton.com/downloads/watchout)

*Dataton WATCHOUT is a software-based production and playback system for multi-display applications. The license key is the physical part of the system and plugs into the USB port of the computer. Download the latest version of WATCHOUT to start producing your WATCHOUT show.*

A typical WATCHOUT rig features a production computer running the latest WATCHOUT software connected to an unlimited number of display computers, all on a standard Ethernet network.

Each computer in the rig requires a WATCHOUT license key. Each display computer can drive up to six display media, such as projectors or LEDs, depending on hardware capabilities.

WATCHOUT is fully scalable, Windows platform and requires no proprietary hardware. Windows 7 is required for full functionality.

## Features in WATCHOUT version 6

- » Re-designed user interface
- » 3D Projector for complex mapping
- » Pre-visualization
- » Uncompressed video playback
- » Uncompressed image sequences
- » Live edit, changes in real time
- » Import and map onto 3D models
- » Custom blending masks
- » Marker-based calibration
- » Virtual displays for easy pixel-mapping
- » Multi-channel audio playback
- » HTML5-based dynamic content
- » Frame-rate control

Check out the complete list in the [Release Notes](#)

## Warranty policy

Dataton's standard two-year warranty applies against manufacturing faults in the physical license key.
