

## Exertis Pro AV supports the K19 Herzenssache Children's Centre in Geislingen

Uhingen, 08.12.2021

**Exertis Pro AV is pleased to announce its partnership with AGAPEDIA. The distributor from Uhingen is keen to get involved in the local and community environment and therefore supports the K19 children's centre in Geislingen.**

Exertis Pro AV is a new partner of the K19 children's centre in Geislingen. The children's centre is provided by the AGAPEDIA foundation, which was founded by Jürgen Klinsmann in 1995 and is active in Germany and Eastern Europe.

The K19 Children's Centre is a contact point for children and teenagers of all origins, nationalities and religions and offers disadvantaged children between the ages of 6 and 12 special after-school care services in the afternoons – whether sports, games, creative workshops or children's circus: the K19 encourages children's social skills, self-confidence and supports positive development.

### **Exertis with heart – a Christmas fundraising campaign**

In order to support the children and give them some Christmas joy, Exertis Pro AV has launched the fundraising campaign "Exertis with Heart": The children from the K19 in Geislingen desire a new spiral slide, as the old one has unfortunately broken due to heavy use. Exertis Pro AV is of course involved in this beautiful project itself, but also invites you and all partners to join and support the campaign as well. You can find more information about the fundraising campaign at:

<https://www.exertisproav.de/de/events/agapedia/index.html>.

### **About Exertis Pro AV**

*Exertis Pro AV, formerly COMM-TEC, has been for more than 30 years one of the largest and most renowned value-add distributors for AV media technology in Europe and has been part of DCC Technology Trading/Exertis since 2019. The company headquarters is located in Uhingen near Stuttgart and distributes the products of more than 60 well-known manufacturers. The business units "Digital Signage & Media Solutions", "Collaboration & UCC", "Signal Management", "Pro Audio & Control", "Display Solutions" as well as "Racks & Mounts" provide master technicians, system integrators and architects with the optimal hardware for their requirements. Exertis Pro AV acts strongly according to its claim "Think Solutions": it creates a consciousness for thinking and acting in terms of solutions, and for offering solutions. Exertis Pro AV supplies everything from one source, from planning through consultation to implementation.*
