

PRESENCE WALL/FLOOR MOTORIZED UPDATE 2021

Updated: smooth and stylish for large and rotatable displays

Updated and improved!

SMS Presence Wall/Floor Motorized has a new elegant color option - Dark Grey, and a brand new mounting option, a Flipster rotatable mount for interactive displays that are able to switch between landscape and portrait orientation.

Just as before, SMS Presence Wall/Floor Motorized makes it easy to mount large and heavy displays on regular walls. The smart design shifts the weight to the floor. Installation is quick, easy and stylish. A perfect support in the lobby area or conference room. Furthermore, the stand itself uses very little floor space and is perfect in small spaces where a bracket with legs would be in the way.

Everyone can reach thanks to the soft motorized height adjustment. The SMS Presence Wall/Floor Motorized is extensively pre-mounted for easy installation.
